

Money Spent In Malawi October 2010 Danny & Keith

The exchange rate is 149.5 k at the bank. Money exchangers gave us 175.5 for the cash which we took over. We were allowed only \$ 10,000 each to take out of the US in cash. The higher rate of exchange helped us to be able to purchase more Bibles. We got 175.5 K for each dollar for the cash we took over. The rest, the rate was 149.5
